

Starboard Fuel Tank Info

Both fuel tanks cleaned on Sept. 8, 2007.

Fuel tank bolts as seen looking aft.

"Dimples" at 9:30. Fuel measured with stick screwed in.

Gallons of Diesel	Inches of fuel on stick, measured from stick bottom, stick NOT screwed in
10	3
20	6
30	7 ½
40	9
50	10 ¾
60	12 ¼
65	12 ¾
70	13

Threads on tank are one-inch long, so subtract one inch from these readings if stick NOT screwed in.

$$Gallons = 0.26(Dipstick)^2 + 1.65(Dipstick) + 2.32$$

$$Gallons = 6.03(Dipstick) - 12.8$$
